### **48-02-02-01. Livestock exhibition and import for exhibition.**

1. All livestock imported for exhibition purposes must be accompanied by a certificate of veterinary inspection and the owner of such livestock, or the owner's agent, must comply with the import permit requirements under this article.
2. Equine species require a negative test for equine infectious anemia within twelve months prior to date of importation, unless originating from a state exempted from the test requirement by the North Dakota state veterinarian.
3. For all cattle imported for exhibition purposes, a negative brucellosis test is required within thirty days prior to date of entry unless the cattle are official brucellosis vaccinates originating from certified free herds or areas. Female cattle, not vaccinated for brucellosis, over one year of age, may be imported for exhibition purposes only. A permit is required for all female cattle over one year of age and for all cattle originating from any state where scabies may be introduced, as determined by the board.
4. Sheep imported for exhibition purposes must meet the same requirements as sheep imports for other purposes.
5. All swine imported into North Dakota being used for exhibition purposes must meet the same requirements as swine imports for other purposes.
6. All animals leaving the state for exhibition or competition with a valid certificate of veterinary inspection may return to the state with the same certificate of veterinary inspection if the animal has not been out of the state for more than thirty days.
